The diagram illustrates the curriculum structure for the Faculty of Education, organized by year (1st to 4th year) and subject category.

4th Year (4年次): Graduation Research/Teaching Practice (卒業研究・教職実践演習). This year includes specialized subjects like Japanese Literature (日本文学), Chinese Literature (漢文学), and Education (教育学), as well as general education subjects like Global Education (グローバル教育) and STEAM Education (STEAM教育).

3rd Year (3年次): Focuses on specialized education subjects (専門教育科目) such as Japanese Literature (日本文学), Chinese Literature (漢文学), and Education (教育学). It also includes general education subjects (全学基礎教育科目) like Global Education (グローバル教育) and STEAM Education (STEAM教育).

2nd Year (2年次): Continues with specialized education subjects (専門教育科目) and general education subjects (全学基礎教育科目). The curriculum includes subjects like Japanese Literature (日本文学), Chinese Literature (漢文学), and Education (教育学).

1st Year (1年次): The starting point for the curriculum, featuring general education subjects (全学基礎教育科目) and specialized education subjects (専門教育科目). The curriculum includes subjects like Japanese Literature (日本文学), Chinese Literature (漢文学), and Education (教育学).

Subject Categories:

- 専門教育科目 (Specialized Education Subjects):** Includes Japanese Literature (日本文学), Chinese Literature (漢文学), Education (教育学), and other specialized fields.
- 全学基礎教育科目 (All-School Basic Education Subjects):** Includes Global Education (グローバル教育), STEAM Education (STEAM教育), and other general education subjects.
- 教育体験活動 (Education Experience Activities):** Includes various experiential learning activities like Internships (実習), Fieldwork (フィールドワーク), and Seminars (ゼミナール).

Island University STEAM Universal Regional Creation Education (島大STEAMユニバーサル地域創生教養育成): A red dashed line highlights this program, which spans from the 1st year to the 4th year, integrating STEAM education and regional creation into the curriculum.
